

# White Mold Management in Dry Beans and Soybeans

- What:** Dr. Michael Wunsch, plant pathologist from North Dakota State University, will present the latest recommendations for managing white mold in dry beans and soybeans. Ample time will be available for questions.
- When:** **Wednesday, March 6th** from 8:45 a.m. to 1:00 p.m.
- Where:** **The Saginaw Valley Research and Extension Center, 3775 South Reese Road, Frankenmuth, MI 48734**
- Registration:** The Michigan Soybean Promotion Committee (Michigan Soybean Checkoff program) and the Michigan Bean Commission are covering all program costs. However, pre-registration is requested to ensure an accurate count for lunch and materials. **To register online, please go to <https://events.anr.msu.edu/whitemold/>. To register by phone, please call the Tuscola County MSUE office at 989-672-3870 before noon on Wednesday, February 27th.**

## Agenda

- 8:45 a.m. **Registration, coffee and donuts**
- 9:00 a.m. **Welcome and introduction from the Michigan Soybean Checkoff and the Michigan Bean Commission** — *Mark Seamon, Research Coordinator, Michigan Soybean Checkoff and Joe Cramer, Executive Director, the Michigan Bean Commission*
- 9:15 a.m. **Improving white mold management in soybeans and dry beans: key findings and recommendations from applied research in North Dakota** — *Michael Wunsch, plant pathologist, North Dakota State University*
- Optimizing fungicide application timing in soybeans and dry beans
  - Impact of spray droplet size on fungicide performance in soybeans and dry beans
  - Using drop nozzles to improve fungicide performance in soybeans and kidney beans
  - Returns to one versus two fungicide applications, with an emphasis on soybeans
  - Management of white mold using susceptible and partially resistant soybean varieties
  - Optimizing soybean and dry bean row spacing and seeding rate for maximum agronomic performance under white mold pressure
- 12:00 p.m. **Lunch** (provided by the Michigan Soybean Promotion Committee and the Michigan Bean Commission)

## **Pesticide applicator recertification credits are available**
